### AUTHORISED VERIFIER

- Metcore is a national weights & measure appointed Authorised Verifier for verification of mass flow meter

### WORLD'S FIRST

- Meter verification (direct mass proving) solution for the bunker industry
- Calibrated in a high-performance ISO/IEC 17025 accredited flow laboratory, with unbroken chain of traceability

### EFFICIENT & COST-SAVING

- Eliminate the need for supporting tanker as test platform which translates to 70% financial savings
- Tanker downtime is substantially reduced by 75%
